When the contractors told me on Friday afternoon that the temporary traffic lights would still be in place over the weekend, it would have been all too easy just to cancel the event. But having half expected it would be the case, I had given it a lot of thought which led to the solution of a two stage race. Although not ideal, I hope you agree it made the best of a bad situation, and at least we got to race on what turned out to be a very nice dry bright morning.

By asking them do something completely different, a lot of additional pressure was placed on the timekeepers at very short notice, and I am extremely grateful to them. Unfortunately the usual hill prime had to be abandoned but, thanks to Gavin Smith, we do have a time for the 0.8 mile climb from the second stage start to the turn at Three Cups Corner. This is shown on the result sheet for information only.

When hearing of the predicament placed upon the event, many people stepped up to offer their help which is very much appreciated – especially Rob Pelham, Chris Chapman and Dan Henchy who provided the extra manpower at the stage starts and finishes.

It was perhaps a little ambitious to assume, with absolutely no mobile reception at the stage two start and very little at the event HQ, that all the calculations would be quick and straightforward, but having double checked all the times and calculations I can confirm that these were generally as displayed, with just a couple of exceptions – No. 29 corrected by 2 minute and No.53 corrected by 1 minute. In the final rankings three people shared fifth place on 37:45, so Tom Glandfield and Richard Gifford join Matt Woods in the overall category. Consequently Tom makes way for Marc Townsend in the fastest rider under 40 not winning another prize. My own excitement at winning the rider aged 50 – 54 not winning another prize category was rather short lived when I was told I was given a 9 min late start – ho hum – but well deserved congratulations go to Malcolm Daly who now gets the spoils.

The stage one distance was 8.99 miles, and stage two distance 5.05 miles making a combined total of 14.04 miles which is the standard that has been applied. All the stage times and data is included at the end of this result sheet.

Congratulations to the prize winners, especially Pete Tadros taking three – first overall, first on standard and as part of the team. Pete Morris second on actual, Iain Brogden third overall and Lady and Junior winners, Kaye Dwyer and Dan Gardner.
